EUROBAT Member Operations
Number of Employees per Region

Region	Number of Employees
Central Europe	9030
Southern Europe and Mediterranean	9757
Eastern Europe	4580
North-Western Europe and Scandinavia	2921

This map was prepared by the EUROBAT office using information supplied by members of the association. It covers the EMEA operations of all EUROBAT regular members (as of November 2011), but not of its 20 associate members. Employee figures for each company have been aggregated into four EMEA regions. Data is subject to change, and was provided confidentially and in accordance with legal rules on competition law.
